Endurance

ABOUT US

Team Djinti is a small endurance stable in Overijssel, the Netherlands. We have been active in the endurance sport since 1985. Endurance is riding long distances on horseback (up to 160 kilometers in a day).

In addition to participating in competitions, we have also organized a number of events including the 2021 FEI Endurance World (YJ) & European Championship.

Social Media

ENDURANCE
MEMORIES

Because the endurance sport is a relatively unknown branch of equestrian sport, we are trying to introduce it to more people through Social Media.

Under the name "Endurance Memories" on Instagram, YouTube and Facebook we show people behind the scenes footage of how we prepare the horses for competitions, what it's like to participate in (international) endurance competitions and how important it is to have fun with your horse.

ENDURANCE

WHAT IS IT?

Endurance is riding long distances with your horse on marked routes of between 20 and a maximum of 160 kilometers in a day. Both rider and horse must be fit to cover these distances. The horse is checked by a vet every approximately 30km. The rider's task is to properly guide the horse on the (technical) routes. The crewteam helps the rider and horse by, among other things, offering cooling and drinking water.

HORSE WELFARE

HORSE COMES FIRST

"To finish is to win" is always paramount. Getting the best out of your horse by adapting the management to the needs of the horse and thus ensuring a happy athlete.

The future of the

ENDURANCE SPORT

Making the endurance sport more known. That's our goal. We would like to show people how beautiful the sport can be and how it is possible to participate in these competitions (in a horse-friendly way).

"Enjoying nature together and riding in places you would never go to otherwise."
